

Water Efficient

We are proud to use a high proportion of recycled water in this facility. Together with the use of high pressure spayers, only approximately 65 litres of potable water is used per wash. This compares with an average of around 240 for those washes undertaken at home. In addition, our detergents are bio degradable and when disposed of do not affect our precious water ways.

Wash Regularly

All vehicles, regardless of their finish (clear coat, acrylic, enamel, etc.) require regular washing throughout the year. The longer a foreign substance is on your vehicle, the greater the probability and extent of damage. Wash your car regularly to maximise its appearance and resale value.

Opening Hours

We are open from 7.30am to 11pm every day.

Security

Our site is well lit, and fully covered by security cameras for the security of our customers.

Contact us

The Shoreline Car wash is owned by Joswall (Australia) Pty Ltd, a Tasmanian family owned and operated company which also operates the Shoreline Hotel. Should you have any queries please contact us at the Shoreline Hotel Bottleshop, by email carwash@shorelinehotel.com.au, or by phone on 62 479 504. We would welcome your feedback.

**Using the Shoreline Car wash is simple,
convenient and effective.
Please give us a try.**

**Located at the Shoreline Hotel Howrah
10 Shoreline Drive, Howrah**

About our Autowash (touch free) Using Recycled Water

Simply drive through to the teller, make your wash selection, and insert coins, notes, credit cards or tokens. Illuminated signs will guide you when to drive into the bay, and where to stop your car to commence the wash cycle. Wait until the wash cycle is complete (another sign will clearly tell you) before driving out. Please ensure you keep doors and windows closed!

Wash options

- \$12 Premium Wash (6.5 minutes)
- \$8 Express Wash (4 minutes)

Premium wash:

1. Underbody wash – jets of warm water to blast away salt sand and dirt from underneath your vehicle and sediments which may corrode your chassis
2. Presoak hot bath – detergent applied by automated spray arches to all areas of your vehicle body
3. Wheel Scrub – an automated wheel brush system to remove grime on your wheels
4. High pressure rinse – A precision spray removing dirt and residue that the detergents have loosened
5. Colour Shine foam – to condition your cars bodywork
6. Super wax – applied to protect your car from stains and the sun's ultraviolet rays. Adds shine and aids drying
7. Spot free Rinse – a rinse stage using purified water to prevent "spotting"
8. Blow Dry – powerful blowers to remove excess water for a perfect finish

If you are in a hurry, our Express Wash includes Underbody Wash, Presoak Hot Bath, Wheel Scrub and High Pressure Rinse. The Express Wash option only takes around 4 minutes.

Self Serve Bays

We have four self serve wash bay which includes a Super Bay for larger vehicles. These bays feature high pressure sprayers with warm soap, conditioning wax and rinse options. Use the foaming brush to lather your car with suds. Simply insert coins to purchase time allocation \$1 for one minute and forty five seconds. A variety of cleaners, protectants and air fresheners are available from our vending areas.

Dog wash

A coin operated system where our dog guests are treated to a hot shower with shampoo, anti parasite solution and conditioner, warm rinse and a thorough blow dry. The unit is disinfected prior to the next customer. Low cost, easy and convenient and dogs generally love the experience.

Vacuum Stations

At Shoreline Car wash we have four vacuum stations. These are much stronger and faster than your average home vacuum cleaner. Included are a range of fragrances for that finishing touch.

Regular Users and Gift Packs

There is no doubt that regular washing will ensure that your car looks as good as possible. Discount tokens for regular users may be purchased either on site, or at the Shoreline Hotel.

A set of Premium Auto wash tokens makes a great (and practical) gift. Contact us for other promotional offers and fund raising opportunities.
